There is much force in the contention of S & P

The object of employing Police officers in controlling traffic is Public convenience will be facilitated if they were Police officers & not like other officers whose uniform & rank being under the control of Police Officers

Since S & P have sanctioned the proposal of the President, we may perhaps be asked whether he is willing to accept the condition of employing them as Police officers subject to the control of Police officers

Sir

I have the honour to state that Government having in their order G.O. Under the circumstances I request you to be so good as to instruct the Inspector General of Police to comply with the request of the Municipal Council at any early date

I have the honour to be
